

Clarity™ SL and SmartClip™ SL3 Self-Ligating Brackets

Debonding 3M Self-Ligating Brackets

3M Unitek

Debonding Benefits: Debond on an Archwire!

- Unitek™ Self-Ligating Bracket Debonding Instrument (ref 804-170)
 - Instrument allows **Clarity™ SL and SmartClip™ SL3 Brackets** to be debonded on the archwire – saving you valuable time!
 - May also be used with archwire removed.

3M Unitek

Debonding with Clarity™ SL Self-Ligating Brackets

- Same patented stress line and bonding base as Clarity™ Ceramic Brackets
- Lighter squeeze force required to debond Clarity™ SL Self-Ligating Brackets
- Clarity SL Self-Ligating Brackets debond Mesial/Distal like Clarity Brackets

3M Unitek

Clarity™ SL Bracket Debonding Benefits: Consistent Debonding

Clarity SL and Clarity™ Brackets are the ONLY brackets with ...

- A proprietary **stress concentrator** in the base
- A proprietary **bracket base grit pattern** for mesial/distal debonding
- These features allow Clarity SL Brackets to debond predictably
