

Tuttnauer partners with PSA in the Dental Market

HAUPPAUGE, February 26th, 2020 -- As part of Tuttnauer strategic plan to become the market leader in infection control, Tuttnauer today announced changes in its Dental market sales reps' team. Effective April 1, 2020, Tuttnauer USA is partnering with PSA, Professional Sales Associates, Inc., for sales of its new T-Edge line of autoclaves, as well as EZ and Manual autoclaves, new line of Washers, Water Distillers, Ultrasonic Units and cleaning consumables. This change supports the transition of Tuttnauer becoming a complete one-stop solution for all infection control needs.

Ed Marill, National Sales Manager of the Dental division commented "As we expand our offering in dental infection control, we see PSA as a partner with the experience, reputation and breadth of products to deepen our reach to the dental professional and our dealer partners. "

Jim McGonigal, president of PSA, commented "we are happy to welcome Tuttnauer to our family of manufacturing partners, and are very excited to add this broad line of products to our offering. We believe that the combination of Tuttnauer's brand recognition and PSA's long-term relationships in the dental industry, will lead to a strong and successful partnership."

Guy Lerner, President of Tuttnauer stated "Tuttnauer's primary focus is to provide quality products, cutting edge technology and great customer experience. We are focusing on introducing new products this year, and believe PSA is uniquely qualified partner to support these efforts. Tuttnauer technology combined with PSA deep relationships and long-standing ties in the dental market, will help us become the market leader in Infection Control."
