# Aha!™

Make a Great First Impression—  
Every Time.

## Introducing the Aha!™ Family of Impression Materials

We understand how frustrating it can be to THINK you have the perfect impression only to have molds chip, break, or tear in processing. With Roydent's new Aha! family of impression materials, you can feel confident knowing you will get a solid, durable impression that will hold up and stay true. You get a great mold AND a happy patient, the FIRST time. Now that truly IS a great impression!

### Aha! VPS X-Light Impression Material NEW SKU: K11892R
